AUCTION 39

Closing 29 May 1999, Sunday, 6:00 p.m. USA Pacific Time

An apology is in order. The last auction was numbered "37" when it should have been "38." The typist was severely reprimanded.

Several series are well represented in this sale: USA Sales Tax, Canada, Mexico, Peru, British Co-Op and Scottish Communion Tokens are listed as well as British and Irish Coin Weights, German Miscellaneous Checks and Third Reich items. For the first time a sizeable collection from Belgium is offered. Smaller groups of Romanian and Swiss tokens can be found under the "Other Europe" categories.

Lot descriptions are brief by necessity and oriented to numismatists. Sizes are given in millimeters although large paper pieces may be in inches. Tokens are round unless otherwise indicated. Materials are shown as Al, Br, Cop, Ir, Ld, Nkl, Zn or Pl(astic). When parentheses are used it means that the information enclosed is not part of the token legend or describes some device on the token. ham stands for "hole-as-made" to describe pieces pierced at the time of manufacture.

Catalog numbers from published lists are sometimes used to aid description, e.g. (L#101.3) and refer to the most current work on the topic. Listing each reference would be too cumbersome, so please write if you need to know which. Dollar values written (\$5) stand for a suggested bidding level. The abbreviation "Res." enclosed in parentheses with a dollar value (e.g. (Res.\$25)) means a "Reserve" or "Minimum Bid" has been placed on that lot.

Multiple-piece lots are made up of common items in most cases and selected for best grade and broadest interest. They often contain items which sell at shows for \$5-10 each but which do not sell by mail auction. Damaged or worn specimens are not included unless mentioned.

Grading a series as varied as world tokens is at best subjective, especially items of crude manufacture. I try to be conservative and in most cases will reduce the grade if I have any doubts. Comments on my methods of operation are always welcome. All bidders have a ten day no-questions-asked return privilege. After ten days returns may be refused.

Please remember that a Bidder's Fee of 9% will be added to the sale price. After 4:00 pm USA Pacific Time on closing day phone bidders must raise current bids by at least 15% in order to qualify.

MAIL BID SALE RULES AND TERMS

1. The sale closes at 6 p.m. USA Pacific Time on the date noted above or until 15 minutes pass with no telephone bids. Lots are sold to the highest bidder. In the event of a tie the lot goes to the earliest bidder. Bids differing by only a few cents will be considered a tie.

2. Bids must be in U.S. Dollars. Those under \$3 are respectfully declined.

3. Winning bids will be reduced to a 10% advance over the next highest bid, or the Reserve (Minimum Bid), if any. In the event there is only one bidder, bids will be reduced to the published estimate. In any case the maximum reduction will be 65% of the highest bid. Bids will not be reduced under \$25. In general acceptable bids will be those which are at least 65% of the published estimate. (See Page 3 for phone bid rules.)

4. Successful bidders will be billed first or sent winning lots with the bill if they are established customers. Postage, shipping and insurance will be added to invoices where such are appropriate. There will be a minimum charge of \$1 for postage and processing. A Bidder's Fee of 9% or \$1 will be added whichever is higher. California residents must pay 8.5% Sales Tax. Overseas customers must accept responsibility for postal delivery. International postal service is increasingly unreliable.

5. **Prices Realized:** please order them when you submit your bids. I will include the cost with your bill, \$1 per copy.

6. Please check the shipments for all errors and keep a copy of the bids you submit. Please pay within 10 days.

BIDDING BY FAX OR TELEPHONE? The best hours to reach me by phone are 7-9 a.m. USA Pacific Time. The least expensive and most certain means to bid is by mail or fax. A fax can be sent anytime.

For those who like to call in bids, I will have current information available from the computer during the seven days before closing. In the final hours of closing day current high bids may or may not be available. Bids often arrive in rapid succession leaving no time for their entry on the computer.

If you request computer information, you have to bid 10% over the current highest in order to qualify. For items quoting under \$10, you must bid at least \$1 more. After 4:00 pm Pacific time on closing day phone bidders must raise the bid by at least 15%.

PLEASE CONSIDER ME FOR CONSIGNMENTS OF YOUR MATERIAL AS WELL AS A POTENTIAL BUYER. Ask for a copy of my Agreement For Consignors. My commission rates are: 20% on items selling over \$18; 30% on those selling between \$3 and \$17.99; and 50% on any partial lot sales that amount to less than \$3. 75c is charged for lots or partial lots which do not sell. Minimum Bids under \$10 are not accepted. 10% of the Minimum Bid or \$3 will be charged on any unsold lots with Minimum Bids.

I have one of the broadest international collector clienteles in the world including bidders and consignors from every continent and more than 20 countries excluding the USA. Your world tokens can be made available to these buyers by consigning through my auctions. Please consider this offer.
